THE PRODIGAL JUDGE

By VAUGHAN KESTER

(Copyright, 1911, the Bobbs-Merrill Company.)

"No. no-but we can't get the raft back upstream against the current, so the best thing is to land at the Bates plantation below here; then as soon as you are able we can return to Belle Plain," said Carrington.

There was an interval broken only by the occasional sweep of the great steering oar as Cavendish coused the raft out toward the channel. The thought of Charley Norton's murder rested on Carrington like a pall. Scarcely a week had elapsed since he quitted Thicket Point, and in that week the hand of death had deal; with them impartially, and to what said. The the wiles are to Yancy's. There was an interval broken only by the occasional sweep of the great steering car as Cavendish coaxed the raft out toward the channel. The thought of Charley Norton's murder rested on Carrington like a pail. Scarcely a week had elapsed since he quitted Thicket had least with them impartially, and to what sad? Then the miles he had traveled in his hopeless journey upriver translated themselves into division of time as well as space. They were just so much further removed from the past with its blight of tragic terror. He turned and glanced at Betty. He saw that her eyes held their steady look of wistful pity that was for the dead man; yet in spite of this, and in spite of the bounds bey, d which he would not let his imagination carry him, the future, enriched with sudden promise, unfolded itself. The deep sense of recovered hope stirred with number of the product of the self. The deep sense of recovered hope stirred with number of the product of the self. He knew there must come a day when he would dare to speak of his love, and she would listed. The sea we should land at Bates place-we can get a team there, he went on to explain. "And. Betty, wherever we go we'll get together, dear. Cavendish deem't look as if he had any very urgent business of his own, and I reckon the same is true of Yaney, so I am going to keep them with us. There are some points to be cleared up when we reach Belle Plain-some folks who'll have a lot to explain or else estit this part of the State! And I intend to see that you are not left alone until—until I have the right to take care of you for good and all—that's what you want me to do one of these days, isn't, darling?" and his eyes, glowing and infinitely tender, dwelt on her upturned face.

But Betty strank from him in involuntary agitation.
"Oh, not now, Brues—not now—we mustn't speak of that—it's wrong—it's wicked—you mustn't make me forget mustn't speak of that—it's wrong—it's wicked—you mustn't make me forget mustn't speak of that—it's wrong—it's wicked—you mustn't make me forget mustn't speak of that—it's wrong—it's wicked—you mustn't make me forget will be cried brokenly, in protest.
